

June 2016

Dear New Student:

The enclosed **FRESHMAN REGISTRATION COURSE GUIDE 2016-2017** and the **E-Z Step-by-Step Guide for Choosing Fall Courses**, are to help you plan for your fall program of study. With the Course Guide close at hand, begin by working through the E-Z Guide. It will walk you through the registration procedure in an easy to follow, step-by-step procedure.

If you are considering a particular major, it is a good idea to take the beginning course in that area as soon as possible. For some majors, such as in the sciences, there are courses that you should definitely take in your first semester. All of these are discussed in the Course Guide under the appropriate major. If a course is mentioned in the Course Guide, but not listed on the Course Schedule, it may not be offered this Fall, or it may have filled with upperclassmen.

To increase your chances of getting your preferred classes, it is important to begin the registration process as early as possible. Those who delay may not get their first choice of courses. *Please remember to carefully follow the instructions in the Course Guide and the E-Z guide.* Registration will open up on Wednesday, July 6<sup>th</sup>, and remain open until Friday, July 29<sup>th</sup>. After July 29<sup>th</sup>, no changes will be accepted until after you meet with your freshman advisor at Orientation. You may email us at any time with any questions you may have at [Freshman.Advising@wheaton.edu](mailto:Freshman.Advising@wheaton.edu) or call our office at 630-752-7373. Music majors may email [Conservatory.Advising@wheaton.edu](mailto:Conservatory.Advising@wheaton.edu) or call 630-752-5487.

After July 6<sup>th</sup>, we will send you email “FAQs” via your Wheaton email address to update you on recent events and to provide general information. In addition, during July, only open classes will be displayed on Banner Self Service under Lookup Classes.

You can find all materials pertaining to Freshman Advising on the Wheaton Registrar’s Web site.
