## GROW IN PERSONAL AND PROFESSIONAL DEVELOPMENT.

We can share numerous examples of successful career paths and organizations where our graduates have applied their learnings. However, the most powerful evidence of their growth comes directly from them. Hear firsthand from those who were once where you are today: considering the life-changing path of a graduate degree for Christ and His Kingdom.

*“God used this program to provide me with a foundation for how to do ministry with this particular age group. More importantly, God used the community to help me to realize my gifts and talents and encourage me to be the person that God created me to be.”*

**- KRISTAL DOVE BOHMAN M.A. '12**

Associate Professor of Business Administration; Area Chair of Business, Milligan University

*“I enjoyed every assignment they required of us, because it was thinking in such a way that forced you to give everything of yourself to try to see the Bible in a different way, to go deep, to try to understand the Word, to try to know the God that disclosed himself through the Old Testament.”*

**- LILIANA RAMOS RODRIGUEZ M.A. '22**

*“This program stretched and strengthened me, so that I could reflect, know, and grow into a more whole version of myself, one more personally aware and clinically prepared to therapeutically bring the grace of God’s peace, hope, and wisdom to all He entrusts to me as clients.”*

**- CHRISTOPHER BOBKOWSKI M.A. '22**

Staff Therapist, Stenzel Clinical Services, Ltd.

*“When I first moved to Wheaton, after spending the previous two years in Guatemala, I thought; ‘What am I doing here?’ ‘Where in the world did I end up?’ For the first month, I asked myself those questions daily, but overtime, I found myself asking, ‘Why not here?’ As I did so, I found so much more than just a great education. I found friends, a home, professional mentors, role models, research opportunities and an internship (now job), working with at risk, minority youth, that I love with my whole heart.”*

**- HEIDI JOHNSON M.A. '18**

Trauma Therapist, Serge

*“While there are certainly a number of institutions that demand and produce exemplary academic work, and many that encourage students to seriously grapple with the role of the Christian in the academy, Wheaton College uniquely combines both these emphases without sacrificing the integrity of either.”*

**- SEAN DEWITT M.A. '11**

Regional Manager - Northwest Arkansas, Kimbel Mechanical Systems Inc.
